Message - Walied Soliman, Chair

"There is a reason why we are the top choice among law firms - nationally and around the globe. We recognize the value of people to our business - both our clients as well as the people with whom we work - and continually adapt to the evolving and diverse needs and goals of both those groups. As a student, we put significant investment in you from day one, and continually throughout your career. We cultivate the skills you need to not only be a successful practitioner, but also an effective business advisor.

Your career is no longer simply about the practice of law - it is about the business of law. Joining Norton Rose Fulbright puts you on the leading edge of the legal industry, in a culture embedded with platinum level training that rewards high performance and success. We welcome innovative and entrepreneurial ideas and approaches as well as a diversity of backgrounds and experiences from students who want to be part of a winning team. We look forward to hearing from you."
